As of today, the following items remain unresolved regarding the 10% withholding and Notice of Intent to Revoke the Charter of Ascending Roots Scholastic & Athletic Premise, Inc.

Failure to provide the required instructional hours for 7<sup>th</sup> and 8<sup>th</sup> grade students

- Documentation provided does not include evidence of sufficient instructional hours for the 2007-2008 school year
- Without the submission of the 2008-2009 calendar to ADE, there is no way to determine whether the school will provide the required instructional hours for 7<sup>th</sup> and 8<sup>th</sup> grade students for this year

Failure to provide a comprehensive program of instruction

- Evidence of an implemented science and social studies curriculum aligned to the State Academic Standards for grades 5, 6, 7 and 8 was not provided. A corrective action plan as it was requested on June 6, 2008, has not been received. Outstanding information includes:
  1. Documentation to support the purchase and training for the implementation of OdysseyWare products.
  2. Description of the facility used and scheduled use of facility for the implementation of the computer based instructional program.
  3. The breakout of units, the time spent on each unit, a calendar of when each unit was taught, and evidence of the completion of unit summative assessments/experiments, etc.

Failure to comply with No Child Left Behind and Title I, Title II and Title V.

- Documentation from the Arizona Department of Education of the fulfillment of the requirements for the submission of procedures for identifying and reclassifying English Language Learner students as a component of the Cycle 6 monitoring for the 2005-2006 school year has not been provided.
